## OUR UNIQUE SHOWROOM

Quarrybank Boutique Bathrooms is Cheshire's designed bathroom showroom for people who want something more thoughtful than a standard "suite swap".

What makes us different is simple: boutique-level care, paired with an in-house design and installation team. We guide you from the first idea to the final polish – with proper project management, clear communication, and a finish that holds up for years. This guide gives you a quick feel for who we are, how we work, and what you can expect when you choose Quarrybank Boutique.

**We don't sell bathrooms.  
We create visions – and we install  
them beautifully**

# OUR MISSION

Our desire is to create bathrooms our clients fall in love with – spaces they feel proud to show off, and even prouder to live in.

The best rooms say something about the people who live in them. That's why we take time to understand your home, your routines, and the feeling you want the room to give you – before we begin designing.

# BOUTIQUE SERVICE

Our showroom isn't just another stop on the high street. Quarrybank Boutique is a curated, calm space where ideas come to life – with expert guidance, honest advice, and genuinely thoughtful service.

From your first visit you'll feel the difference: we listen properly, we design with intention, and we treat your home with care.

The details are not the details.  
They make the design.

*KBB Review Award - Installation  
Company of the Year 2024 and 2025*

*Project completed by our in-house team of installers for a client in Wilmslow*

# NINE REASONS CLIENTS CHOOSE US

A truly boutique design service - We don't do "one-suite-fits-all". Every bathroom is tailored to your home, your routine, and your taste.

We design in 3D so you can feel confident  
Our visuals help you properly picture the space before you commit — fewer surprises, better decisions.

Full project management (so you don't have to juggle trades)  
We coordinate the moving parts, keep things organised, and communicate clearly throughout.

Installation led by real expertise  
Our installation arm is headed by Steven, with over 30 years' hands-on experience — it shows in the finish.

An employed fitting team, not random subcontractors  
We use our own people. That means consistent standards, accountability, and care on site.

Details that make the whole room feel 'finished'  
The alignment, the trims, the levels, the lighting choices — the small things are our big thing.

Quality products, properly specified  
We recommend what lasts — not what's trendy for five minutes — so your bathroom stays beautiful and reliable.

Aftercare that's actually... aftercare  
We check in, we support you, and we're here if you need us — because peace of mind is part of the service.

Our clients consistently rate us 5 stars — and many come through recommendation, which we never take for granted.

# MEMBERS OF KBSA & TRUSTMARK

The Kitchen Bathroom Bedroom Specialists Association (KBSA) is the UK's leading trade body for independent specialist retailers.

Clients look for KBSA membership and TrustMark approval because it's a practical marker of professionalism – it means your project is managed properly, your deposit is protected, and you're choosing a company committed to high standards.

Being KBSA certified means our customers can expect:

- A personal design service with innovative solutions
- A wide choice of quality products, professionally installed
- Clear project management and communication
- Deposit protection and extra peace of mind
- A retailer committed to continuous improvement

Our Director, Koralia Hume, was appointed to the KBSA Board in April 2025 – an acknowledgement of her passion for raising standards across the industry.

# DESIGN SERVICES

At Quarrybank Boutique Bathrooms in Wilmslow, we create bespoke bathroom designs that feel effortlessly you — and we supply everything you need to bring it to life. This service is ideal if you want the confidence of a professional design team, a clear plan, and a beautifully coordinated bathroom scheme before any work begins.

Our fixed-fee design process includes:

**Consultation** – we explore your style, priorities, lifestyle needs and budget comfort zone

**Survey** – accurate measurements and practical considerations, so the design works in the real world

**3D Design Appointment** – we build your bathroom in 3D and refine layout, flow, finishes and features

**Final Sign-Off Appointment** – we lock in the details so you can move forward with total clarity

- ✓ Space planning (what goes where, and why)
- ✓ Product and finish selection (tiles, brassware, furniture, lighting)
- ✓ Cohesive styling (so everything looks intentional, not “bitty”)
- ✓ A clear, organised path from idea → agreed design → supplied products

*Project completed by our in-house team of installers for a client in Wilmslow - one of two bathroom completed within the household*

# SEE YOUR DREAM BATHROOM BEFORE IT EXISTS IN 3D

This is the part clients love: you don't have to guess what it'll look like. Your 3D bathroom design lets you visualise the space properly — layout, proportions, finishes and the overall mood — before you commit. All at fixed fee of £300 which is fully refunded when you go ahead with us.

By the end of the process, you'll have:

- A design you feel confident saying “yes” to
- A coordinated look and specification direction
- A plan that reduces costly changes later (and saves a lot of stress)

*Project completed by our in-house team of installers for a client in Crewe*

*Project completed by our in-house team of installers for a client in Bramhall - one of two bathrooms completed within the household*

# S U P P L Y

At Quarrybank Boutique we partner with trusted suppliers known for craftsmanship, innovation and timeless design. Every product we source is selected for its durability, beauty and performance.

Whether you're looking for contemporary minimalism or classic elegance, our product range complements any aesthetic.

## WHY CHOOSE QUARRYBANK FOR SUPPLY?

**Quality You Can Trust** - We only work with manufacturers who meet our high standards.

**Guided Product Selection** - Our team helps you compare options and choose materials that suit your design.

**Showroom Experiences** - See and feel the products in person — textures, finishes, colours and forms.

**Reliable Ordering & Logistics** - We handle ordering, quality control and delivery, ensuring a smooth and stress-free process.

*Project completed by our in-house team of installers for a client in Didsbury*

# INSTALLATION IS OUR SUPERPOWER

## SKILLED, EXPERIENCED, AWARD-WINNING IN-HOUSE TEAM

When you're investing in a new bathroom, the installation is everything. At Quarrybank Boutique Bathrooms, our in-house bathroom fitters deliver a standard of workmanship that's neat, precise and built to last — with over 30 years of technical expertise across plumbing, tiling, electrics and full bathroom refurbishment.

We're known locally for seamless finishes, careful detailing and a calm, organised approach that keeps your home respected throughout the process.

## AWARD-WINNING BATHROOM INSTALLERS YOU CAN TRUST

We don't outsource your project to "whoever's available". We only use experienced specialists within our team — which means better consistency, better communication, and a better end result.

Our installation team is recognised across the industry, including:

- 2024 KBB Review Awards – Installation Company of the Year
- 2025 HMP Awards – Bathroom & Shower Installer of the Year
- 2026 KBB Review Awards – Current Finalist, Installation Company of the Year

And for extra peace of mind, we provide a 2-year workmanship guarantee.

- ✓ TEAM OF EXPERIENCED IN-HOUSE FITTERS
- ✓ OVER 30 YEARS OF EXPERIENCE
- ✓ GREAT AVAILABILITY
- ✓ FULL PROJECT MANAGEMENT
- ✓ HASSLE FREE INSTALLATION

# INSTALLATION

We handle full bathroom refurbishments and wet room installations, including:

- Full strip-out and preparation
- Waterproofing and tanking
- Plumbing and pipework
- Electrical works (including feature and ambience lighting)
- Wet underfloor heating and electric underfloor heating
- Tiling and stonework
- Bathroom furniture fitting
- Bespoke carpentry and boxing-in
- Wet room installation
- Final dressing and finishing touches
- Skip and waste removal
- Post-completion bathroom cleaning (optional)

**END-TO-END PROJECT MANAGEMENT - ONE TEAM. ONE PLAN. ONE POINT OF CONTACT.**

We coordinate every step — design, scheduling, supply and installation — so you don't have to manage multiple trades or chase updates.

You'll have one dedicated project manager overseeing your bathroom installation from start to finish, keeping you informed with clear timelines and expert oversight. Our mission is simple: to convert your current space — whether it's an existing bathroom or part of a bedroom — into a stylish, functional bathroom delivered smoothly and professionally.

# MEET THE TEAM

Behind every beautiful bathroom is a brilliant team — designers, project managers and installers who care about the details as much as you do.

**Koralia – Owner & Senior Bathroom Designer**  
Koralia leads the design vision at Quarrybank, blending boutique detail with real-life practicality. She's known for layouts that flow beautifully and a knack for pairing finishes that feel timeless yet exciting. Expect honest guidance, big ideas, and a design you'll feel proud of every day.

**Project Manager – Bathroom Installations**  
Andrew brings a wealth of hands-on experience and precision to our installation team. A Master Tile Fixer and Tilefixer of the Year 2021 winner, he combines technical excellence with a calm, solutions-focused approach on site. With over 30 years in the industry, Andrew ensures every project runs smoothly, with a sharp eye for detail and a genuine commitment to delivering a flawless finish for our clients.

**Jamie - Bathroom Fitter**  
Jamie is the sort of fitter clients rave about. He genuinely obsesses over the details and will always go the extra mile to make sure everything feels perfect. Beautiful workmanship, even better attitude.

**Stan - Bathroom Fitter**  
Stan has next-level attention to detail — he simply doesn't stop until it's right. Originally from Slovakia, he's brilliant at bringing even the most complex bathroom projects to life with precision and pride.

**Dan - Delivery and General Labourer**  
Dan is the glue on site — dependable, proactive and always backing up the team to keep projects running efficiently. He also keeps everything tidy and organised, which clients massively appreciate.

**Simon - Finance**  
Simon keeps the business running smoothly behind the scenes, managing finances and tracking payment schedules with real precision. He's also a sharp strategist who helps us grow the right way — sustainably and smartly.
